

A top-down view of various school supplies scattered on a light blue background. The items include several yellow pencils, one blue pencil, one red pencil, a teal and white eraser, a blue eraser, a blue paper clip, a red paper clip, a yellow compass, a blue sharpener, a roll of pink tape, and a small blue object. The supplies are arranged in a casual, non-linear fashion across the frame.

Soon, I will be going
back to school.

It's safe for me to go
back now.

Because of the
Coronavirus, my school
will look a bit different.

It is still my school so I
am okay with that.

My classroom will look
a bit different.

I will still be with my
friends so that's OK
with me.

I may go to school and
come home at different
times.

A different school day
will be fine with me.

I may have to do some activities differently.

The teacher will explain so I understand what to do.

I will have to wash my hands more.

I like to wash my hands as it keeps me safe.

There will be hand
sanitiser at school that I
can use.

Or I can use my own.
That is okay too.

I will have to queue up
with the other children
for some things.

Waiting my turn will
keep me safe.

My school playground
will look a bit different.

I know the changes are
there to keep me safe.

I am looking forward to
going back to school.

I will follow the new
rules to keep me safe.
